**Sub: Rescheduling of end semester examinations in respect of SIH-2023**

**Ref: Letter of Chairman, AICTE (File no.: 1-29/AICTE/CM/2023) dated 04.12.23**

In view of the letter mentioned above in reference to Smart India Hackathon 2023 to be held during 19-23 December, 2023 and responses received from the stakeholders, the competent authority has decided to postpone the examinations of all B Tech programs of 5<sup>th</sup> semester and 7<sup>th</sup> Semester scheduled during 18-22 December 2023.

After exploring different options, it is decided that rescheduled examinations would be held with the end semester examinations of 1<sup>st</sup> semester students tentatively during February 2024.

However, the classes of even semester of all B Tech programs of 6<sup>th</sup> semester and 8<sup>th</sup> Semester would commence as per academic calendar.

**(Dr. Subhashis Datta)**  
Controller of Examinations
